## Projects

### 1. Pharmacy Management System

Technologies: PHP, MySQL, JavaScript, Bootstrap, CSS

- Developed a web-based platform to manage medicines, suppliers, customers, and billing.
- Automated inventory tracking, invoice generation, and report management.
- Implemented role-based access control (Admin, Pharmacist, Staff) for secure usage.
- Designed a responsive and user-friendly interface to improve efficiency in pharmacy operations.

### 2. Alumni-Student Interaction Portal

Technologies: ReactJS, NodeJS, MySQL

- Built a centralized digital platform to connect alumni with current students for mentorship, career guidance, and event participation.
  - Designed modules for alumni profiles, mentorship matching, event management, and real-time communication.
  - Ensured data security and scalability through role-based access and secure authentication.
-

## **Technical Skills**

- **Programming Languages:** C, C++, Java, Python
  - **Web Technologies:** HTML, CSS, JavaScript, Bootstrap, PHP
  - **Databases:** MySQL, Oracle SQL
- 

## **Certifications**

➤ Cyber Shiksha	➤ PHP and MySQL	➤ RDBMS PostgreSQL	➤ Python 3.4.3 Training program
ICT Academy	Spoken Tutorial	Spoken Tutorial	Spoken Tutorial – IIT Bombay
September 2022	April 2022	October 2022	February 2023

---

## **Internships & Training**

**Python Internship Trainee – Elysium Technologies Private Limited**

*17 November 2022 – 2 December 2022*

- Gained hands-on experience in Python programming, including data structures, file handling, and object-oriented programming.
  - Worked on practical exercises and mini-projects to strengthen problem-solving skills.
- 

## **Languages**

Tamil (Native) | English

---

## **Declaration**

I hereby declare that the above information is true and correct to the best of my knowledge.
